Serial No.

Thatté anna a substantial coin.

The servants complain that whereas each Thatté anna formerly obtained 1/4 to 1/2 a seer of rice (of common rice as cheap as this) it contains much less now.

If I am not mistaken 40 Thatté anna are required every day. Or 2 pailes of rice would be enough to make each Thatté anna contain 1/4 seer of rice.

Even if this Zepla lands should not yield all the rice required there can be no doubt that it will yield the major portion of it and that only this small provision of Rs. 252 a month for Thatté anna we may eventually save about Rs. 1500 or 2000 a year provided this land are attended to.

This amount may be used for planting fruit trees and something extra of pay for Ulwars

The system of remuneration both in cash and in kind (Thatté anna) must depend upon the diligence with which the Zepla allicatrie will be looked after by well-behaved and learned men.

So I have added a sentence to this draft bill also.

The draft may be approved.

Serial No.

In some cases, Rs 50/- is taken as equivalent to 1 acre of wet land though no lands are yet selected. Is this estimate right? (Muhdars Kanneda Statement)

2. Is Rs 804/- (Cost of Bar-guard) included in present expenditure? If not, will it not be an additional charge if Govt decides to bear the cost?

3 In the draft, it is stated that if paddy grown in temple lands is sufficient for Thalè-nuna, the amount now for it will be available for other purposes. Is the produce of lands now taken into credit or income?

Note Continued:-

With reference to Second Councillor's Queries noted in the Margin I beg to state as follows:-

2nd Query) The expenditure of Rs 804/- per year for Barr-Guard is not now being incurred as the Temple has no Barr-Guard. Having reserved this for further Consideration, I have not included it in the revised Scale of expenditure submitted.

3) If Government should not bear the Cost of the Barr-Guard the temple will of Course have to bear it as a Barr-Guard is necessary.

The Cost may be met as shewn below:-

Rs 620-0-0 Saw proposed to be saved.

100-0-0 By keeping the expenditure for Ohatribewana at the original figure.

84-0-0. By not appointing Jadmali, Potter, Tailor now recommended and paying Rs 4/- only to the Gardener whose services are very necessary.

This means that the recommendations

NOTE—Contn. sheet.

GPB—50,000—12-8-10

Serial No.

made in my first note about Dhatrikavana &c, are to be modified and the Savings is to be shewn as Rs 804/- instead of Rs 620/- so that we may fall back upon the Savings should the Govt not bear the Charges of a Barr-guard

These modifications may be made.

10) For Temple repairs we have to indent on the State Grant till the annual income as will be shewn below will exceed the annual expenditure now proposed, inclusive of Barr-guard

3rd Query) The produce of the lands is now taken into Credit as income and is estimated to be Rs 700/- net (Vide item 3 under income and item 4 under expenditure in the Abstract). But it should be remembered that the Temple has not the full extent of 191 acres + odds and that the lands are not now yielding as much as they should. As the lands are improved the yield of produce will be much more and if, eventually we should not have Rs 12 x 252 (for Dhatri annu)

Minus

NOTE—Contn. sheet.

GPB—50,000—12-8-10

Serial No.

Minus Rs 700/- (now taken as value of the produce) or about Rs 2300/-, we may be sure of saving Rs 1000/- or Rs 1500/- a year.

Respectfully submitted to Second Councillor

Bangalore, 18th Sept. 1911

Under Secretary, Mysore Departments.

155

12) I presume that the present Bara-Gaud of the temple is composed of the Havaldar and 6 Sepoys entered as no 160—166 in the Statement submitted by the Amildar As these men are to be kept on, what is the necessity for modifying the Scale so as to secure the money required for the additional Sepoy Guard proposed. If it is found necessary to pay for them as an additional establishment, we may modify the Scale hereafter. It would be sufficient to add a clause to that effect in the order proposed and to be issued

13) If I am right in my surmise

The proposals embodied in the draft may be sanctioned as they stand. Otherwise, the modifications proposed by the Ombudsmen may be embodied.

Please submit draft to Diwan for approval.

4/9/11

Note continued.

(14) As stated by the Second Councillor the Temple has now a set of Guards Nos. 150-160 in the list. These are not Barr Sepoys but only entrained Temple servants who are equipped with muskets and dress like Sepoys. That in place of this set of Guards, Barr Sepoys are necessary is clear from File No. 69 - 1906 which is a part of this file.

The only question is whether the present set of Guards is also to be retained or not.

The Amildar proposes to retain it and employ it for guard at the inner gate of the temple.

The Deputy Commissioner in his letter under disposal and his letter No. 499 dated 9th April 1910 in file No. 659 of 1906 says that the present set of Guards may be retired on payment of the gratuity they may be entitled to.

This question, however, does not affect the necessity of a Barr Guard. It has to be considered in connection with providing funds for meeting the cost of such Guard.

NOTE—Contn. sheet.

15) As regards the Barr Guard itself my view is that Government may decide to set it working in this Temple without any cost to the Temple ; but before making this recommendation I am attempting to find out on what conditions a Guard of Barr Sepoys is allowed to the Chamundi near Temple. My correspondence with the officials of this Temple has elicited information to the effect that the cost of this guard is met by Govt and not from Temple funds and that the guard seems to have been sanctioned so far back as 1849. This has not enabled me to trace out the original papers and I propose to write to the Chief Commandant. This is why the question of a Barr Guard as proposed to be postponed for the present.

16) At the same time it is necessary to state that in the event of the Temple having to meet the charges of this, there should be enough money for the scale of expenditure now modified as stated in para 9 above may be approved.

In connection with the file relating to the revision of the Establishment of the Sri Kalikambesvaraswami Temple at Nanjangud I beg to submit a few further facts for consideration.

E

From the enclosed Correspondence between the Muzrai Temple and the Chamarajendra Temple it will be seen that two Bar grants have been given to the Sri Chamarajeswaraswami Temple without the Temple having the cost thereof.

That a Bar grant for Nanjangud is very necessary will be clear from the file already submitted.

I therefore humbly suggest that a Bar grant for Nanjangud Temple may at once be sanctioned and also the proposals contained in the first draft I submit.

I showed the Chief Commandant by whom the subjects are absolutely necessary he may make the Chamarajendra Temple, which has ample funds, pay for one of its Bar grants. Then the Chief Commandant will have to provide only 2 Bar grants — one for each Temple — free of cost. The third he will if necessary

NOTE— Contn. sheet.

GPB—50,000—12-8-10

Serial No.

be, as stated above, paid from the Chamarajnagar Temple funds.

As it is not clear that the Local authorities are members all the circumstances of this case I submit this note to the Dewan direct.

I believe the views set forth above will meet with the approval of the Local authorities if this file are sent to them.

Submitted to Dewan
Ambabhagya
14.11.1911

P.S. Even if the Chamarajnagar Temple should have only one guard now the proposals above made need not be changed. It may for this guard and the Nanjangud Temple may have a free guard.

The orders of His Highness the Maharaja are perhaps necessary to sanction the Board in the circumstances of this case

General and Revenue Secretariat.

File No. 17 of 19 11

Serial No. 2

For Declaration may be Caused to be entered in the proceedings under the head of expenditure of the Sri Kanteswara Swami temple at Nanjangud.

Note continued :-

In para 14 above I have made it clear that the Temple Guard at present employed are not Barr Sepoys. That Barr Sepoys are necessary is clear from File No. 683 of 1908. All the valuable jewels of the Srirangapatam and Melkote Temples are kept in the Srirangapatam Taluk Treasury. This is not possible in Nanjungud where the Taluk Treasury has not enough room. That there has been no Barr Guard till now is a defect which has to be remedied as early as practicable. It is risky to put off the appointment of a strong Barr Guard.

With a view to provide Temple funds for this Barr Guard in addition to the Temple sepoys I modified my original proposal so as to show a saving of Rs 804 /- a year so that it might be available to meet the cost of this Guard should Govt say that the cost should not be met from Temple funds

Subsequently, I have said that a Barr Guard may at once be sanctioned and that, if it should actually become necessary to pay the cost thereof, the Chamarajnagar Temple which has one or two Barr Guards free-may be asked to pay for one ; and I added that the original proposals might be

sanctioned

NOTE- Contn. sheet.

GPB—50,000—12-8-10

Serial No.

sanctioned shewing a savings of Rs 620/- only.

Even now I say that a Barr Guard may be sanctioned at once ; but as the Deputy Commissioner has recently said that the grant for Deeparadhane is not enough and should be raised from Rs 208/- to Rs 308/- a month I beg to recommend that the proposals made by me the second time may be sanctioned and a sum of Rs 804/- saved.

The question of enhancing the grant for Deeparadhane may be considered later as it was not investigated by the Deputy Commisioner and me in February of last year. The Deputy Commissioner's recommendation is based mainly upon a report of Nov. 1906 which lay in the District Office forgotten and undisposed of till November 1911.

If this had not been noticed , perhaps, there would have been no recommendation for an increase of grant. The present Amildar of Nanjungud says that by over-sight an extra grant for this was not provided in the revised scale. I am not sure of this.

The revised scale was prepared by Amildar Mr. Dharma Rao who has signed the report of 1906 and had also nearly 5 years' experience of the Temple. He has provided for all necessary items and would not have omitted this item had it been necessary. Any how, the matter may lie over till it is further investigated.

The drafts put up in this file and file No. 683 of 1908 may be approved.

Sealed & N.C. member

I regret I have not been able to submit this file up to now. For one thing, I did not understand the principle upon which the recommendations for increases were based. For another, I wished to study on the spot the present situation, the duties and responsibilities of the various servants, and the income which may now be taken as available for the expenditure of the institution.

2. As was surmised by Mr. A. Subrahmanya Iyer at para 11 of his note dated 18-9-1911, it is satisfactory to note that the income from the lands, Golaka and a few other miscellaneous items has substantially improved as will be seen from statement A herewith submitted. The average income may, therefore, now be safely fixed at about Rs.27,000/- and the scheme of revision may therefore, be embarked upon with a greater amount of assurance.

3. I have discussed the question item by item with the Sub-Divisional Officer, Amildar, the available Dharmadarsis, the Agamik and a few other responsible temple servants, and I am able to state that the scheme of revision has been drawn up with a great deal of care and caution. During my recent visit to Mysore, I have discussed the subject again with the

Deputy Commissioner item by item and the proposals now submitted for sanction ~~were~~ have his entire concurrence. The following brief comments are made explanatary of some of the more important items.--

R E C E I P T S.

1. Income from Sevartha fees.-- Though this is a fluctuating item, there has been a steady increase under this head and the figure now adopted is the average for the last three years.

2. Income from Temple Lands.-- The figure now shown is even yet not the full income derivable. Out of 191 acres 25 guntas granted to the temple about 10 acres have still to be granted, while out of an extent of 73 acres, only 55 acres have been brought under cultivation and the realization therefrom is less than half the average of the other lands. The yield from the lands is therefore bound to increase and the present figure may therefore be safely retained. For purpose of the present scale the price of paddy is taken at Rs 5/- per palla; but it is expected that the whole yield in kind will be spent for Thatte Anna and Sivakoota.

3. Golaka Collections.-- Though this is a fluctuating item there has been a steady in-

NOTE—Contn. sheet.

GPB—65,000—7-6-12.

G. R. S. 12]

General and Revenue Secretariat.

File No. 17 of 191

Serial No.

increase, the last year's income being as high as Rs 1753-10-2. The figure now adopted is the three years' average.

4. Mudi and Karpura Arthi collections.-- This is also a fluctuating item and the figure now shown represents the average income.

5. Interest on loans and pro-notes. -- This item represents the interest on the amount invested in the Government of India pro-notes and the Mysore Government four-per-cent loan.

Thus the total receipts under all heads stand at Rs.27,183-9-6.

EXPENDITURE.

A. Establishment.

1. (1) Peshkar.-- It would be an improvement to grade the pay with that of the Head Gumastas of Taluks, viz., Rs.30-1-35 so that there may be a certain amount of elasticity in filling the appointment. Now that the grant of pensions to these Officers is under consideration there seems to be no difficulty in interchanging these Officers with the Revenue Head Gumastas.

(2) Thumbe Huvina Shanabog.-- This office is now in abeyance and it is said that

NOTE—Contn. sheet.

GPB—65,000—17-6-12.

General and Revenue Secretariat. | File No. 17 of 191

Serial No.

4.

there are no Hakdars. The duties of the Office are non-descript and it may, therefore, be absorbed.

(3) Sreepada.-- There are at present fourteen servants falling under this class, some of them having also other Upadhis. Their present pay is Rs.1/4/- a month with some small perquisites in the shape of Thatte Anna and Rokkavetcha. Their work is arduous and it is proposed now to give them an allowance of Rs.2/8/- each all round. This allowance will not ~~xxx~~ be treated as pay, but will be retained in the disposal of the Muzrai Officers to ensure efficient service being done.

(4) Kamatis.-- Provision has been made for a regular Barr Guard at a monthly expenditure of Rs.77/- who will re-place the existing ~~xxxxx~~ sepoys. The latter will be found a place on their present pay as Kamatis for which service there is a provision of Rs.31/- in the existing scale.

(5) Jadmalis. -- The number and pay of the Jadmalis have been increased with a view to have the temple premises sufficiently clean.

(6) Sangitha.-- This Upadi is at present vacant as no person is available on the poor pay provided. It is proposed to raise it to Rs.5/- for which it is said a suitable person is available.

Serial No.

The other items do not call for any special remark as they consist mainly of small increases to the poorly paid Brahmin and non-brahmin servants of the Temple.

B. NITYAKATLE.

1. The most important increase under this head refers to Sivakoota. The average expenditure for the last three years has been Rs.292/- per month; but it cannot be said that the whole of this expenditure has been rightly incurred. For instance, I understand that in the absence of contingent allotment for sundry services to the Temple, free-feeding in the Shivakoota appears to have been resorted to as remuneration for such services. Again, certain garden servants of the new Chamundeswari Temple are fed at the institution without specific orders of Government. In addition, a few students are also being fed without proper sanction. Allowance being made for this, it appears to me that an allotment of Rs.250 per month will still be necessary to place the Sivakoota on a proper basis. In this connection it may be mentioned that both Mr.Amble Annayya Pandit and the late Mr. K. Srikantiah have devoted their seva lands for Sivakoota purposes and the

OFFICE OF THE Deputy Commissioner
MYSORE DISTRICT,

Dated Mysore Camp 6th July 1911.

FROM

M. Kantaraj Urs Esq., B.A
DEPUTY COMMISSIONER, MYSORE DISTRICT.

To

C. S. Balasundaram Iyer Esq., B.A
Offg: SECRETARY TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.
Nuzjaw Branch

SIR,

Adverting to Government Proceedings No. 2603-5 Nuz: 216-09 dated 28th April 1910 and the marginally noted communications, I have the honor to submit herewith proposals for revising the scale of expenditure in the Sri Srikanteswara Swami temple at Nanjangud.

* 2820 dated 25-5-1910 Nuz 563-09
2821 dated 25-5-1910 Nuz 683-08

2. On 26th February 1911 when I had camped out at Nanjangud the list herewith submitted was scrutinized by me and the Nuzjaw Superintendent in mysore who generally approved of the revision.

3. The Amildar proposes that the Agamika's pay

pay may be put down at Rs 30/- per mensem instead of Rs 20+10 personal allowance. As this is opposed to Government Proceedings No. 239-41 dated 16.11.1908, his pay may be fixed at Rs 20+10 allowance as heretofore. The Amildar also proposes that the Aganik may be ranked first among the temple servants. This proposal is not agreeable to me as there is a Peshkar to supervise the affairs of the temple.

4. Two clerks one on Rs 15/- and the other on Rs 10/- per mensem have been proposed by the Amildar for muzrai work in the Taluk office. The clerk on Rs 10/- appears to me to be superfluous and may be done away with.

5 One set of Shrong guard of commissum Barr sepoys at an annual cost of Rs 804-0-0 has been proposed to

guard

guard the Temple at the main entrance, their charge being ordered to be met out of the Provincial Funds. I have already expressed my views about this Strong guard in my letter No. 462 of 5th June 1909. If the cost be prohibitive, I would Suggest that the present guard consisting of 1 Havaldar on Rs 7/- and six Sepoys on Rs 5/- each may be retried and the annual Savings of Rs 384/- together with the Savings of Rs 120/- provided for the Deputy Gumasta or in all Rs 504/- may be utilized towards the pay of the Strong guard.

6. The Amildar proposes that the existing guard may in addition be directed to guard the Sannadhies and the treasure inside the Temple. If Commission Bazar Sepoys are entertained the Suggestion of the Amildar appears superfluous.

7. With the foregoing modifications the Scale of expenditure herewith Submitted may

be

READ—

Government Order No.2603-5/L.F.216-C. dated the 28th April 1910 requesting the Deputy Commissioner, Mysore District, to submit in consultation with the Muzrai Superintendent proposals for revising the scale of expenditure in the Sri Srikanteswara Swami Temple at Nanjangud.

Letters ~~dated~~ Nos.4 and 245 dated the 4th July 1911 and 8th January 1912

ORDER THEREON. ~~No.~~

SUBJECT.

GPB—50,000—1-12-12

respectively from the Deputy Commissioner, Mysore District, submitting proposals for revising the scale of expenditure in the Sree Srikanteswaraswami temple at Nanjangud.

Joint note dated the 12th June 1914 from the Muzrai Superintendent and the Deputy Commissioner, Mysore District submitting revised proposals in the matter.

Order thereon: No. 493-6 / Dms 17-11-3 dt 27-8-914

The Sri Srikanteswaraswami temple at Nanjangud has an annual cash grant of Rs.20,127-11-0, and in the year 1899 the scale of expenditure was fixed at an aggregate cost of Rs.20,063-12-0. The other sources of income which were not yielding at the time any appreciable amount have now begun to give better return, partly on account of better supervision and partly owing to the improvements effected in the landed properties of the temple. The aggregate net return from these sources

G. R. S. 27]

GENERAL AND REVENUE SECRETARIAT.

(Continuation sheet draft form.)

is now nearly Rs.5650/-.

2. On the expenditure side, proposals for the increase of allotment for certain Utsavas and for improvement in the remuneration of temple servants have been received from time to time. The expenditure in the Shivakoota has invariably been exceeding the sanctioned allotment, the average increase per month for the past three years being Rs.180/-

3. A revision of the scale of expenditure ~~having thus appeared so Government absolutely~~ leaving thus found necessary, the Deputy Commissioner was called upon in the order read above to submit in consultation with the Muzrai Superintendent ~~revised and~~ satisfactory proposals in the matter. ~~Both these officers have~~ studied the requirements of the temple and have submitted proposals for the ~~revision of the scale of expenditure~~ needs so as to suit the present ~~day~~ conditions ~~and needs.~~

GPB—12,000—15-2-13.

4. Government ~~consider~~ these proposals ~~well-considered and are accordingly pleased~~ are pleased to sanction which have been prepared with Case.

~~to sanction the same~~. A statement showing the scales of income and expenditure approved by Government is appended to this order. Provision has been made for an expenditure of Rs.25,391-4-0 per year against an annual income of Rs.27,183-9-6, leaving a sum of Rs.1792-5-6 for the occasional repairs of the temple buildings and other unforeseen charges.

5. The ~~above~~ revision ~~leaves untouched~~ does not touch the question of Tatte Anna and its distribution to the temple servants, ~~This~~ which should form the subject of a separate report for the orders of Government. The necessity for enhancing the grant for Deepáradhane should also be further investigated.

6. As regards the entertainment in the temple Baravard of a Clerk on Rs.15/- for Muzrai work in the Nanjangud the Deputy Commissioner is ~~vestigate the~~

Commandant, Mysore State Troops, is requested to arrange for the deputation of a Barr Guard consisting of one Havildar, one naik, and 7 sepoys, their salaries which are estimated to cost Rs.77/- per month being met from the temple funds. The present set of sepoys will be absorbed in the reorganization of the temple Kamaty establishment.

9. Proposals have also been received from the Deputy Commissioner to revise the scale of expenditure in the Sri Narayanaswami temple situated within the precincts of the Sree Sreekanteswaraswami temple, which enjoys a separate Tasdik grant of Rs.200/6/-. This scale is also suitable and is accordingly sanctioned and appended to the order.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read.--

Government Order No.2603-5/M.F.216-09 dated the 28th April 1910 requesting the Deputy Commissioner, Mysore District to submit in consultation with the Muzrai Superintendent proposals for revising the scale of expenditure in the Sri Srikanteswara Swami Temple at Nanjangud.

Letters Nos.4 and 245 dated the 4th July 1911 and 8th January 1912 respectively from the Deputy Commissioner, Mysore District, submitting proposals for revising the scale of expenditure in the Sri Srikanteswaraswami Temple at Nanjangud.

Joint note dated the 12th June 1914 from the Muzrai Superintendent and the Deputy Commissioner, Mysore District, submitting revised proposals in the matter.

Order thereon: No. 493-6 / Mus F- 17-11-3 Dated Bangalore, 27 August 1914.

The Sri Srikanteswaraswami Temple at Nanjangud has an annual cash grant of Rs.20,127-11-0, and in the year 1699 the scale of expenditure was fixed at an aggregate cost of -- Rs.20,063-12-0. The other sources of income which were not yielding at the time any appreciable amount have now begun to give better return, partly on account of better supervision and partly owing to the improvements effected in the landed properties of the temple. The aggregate net return from --

these sources is now nearly Rs.5650/-.

2. On the expenditure side, proposals for the increase of allotment for certain Utsavas and for improvement in the remuneration of temple servants have been received from time to time. The expenditure in the Shivakoota has invariably been exceeding the sanctioned allotment, the average increase per month ~~fmm~~ for the past three years being Rs.180.

3. A revision of the scale of expenditure being thus found necessary, the Deputy Commissioner was called upon in the order read above to submit in consultation with the Muzrai Superintendent satisfactory proposals in the matter, so as to suit the present needs and conditions.

4. Government are pleased to sanction these proposals which have been prepared with care. A statement showing the scales of income and expenditure approved by Government is appended to this order. Provision has been made for an expenditure of Rs.25,391-4-0 per year against an annual income of Rs.27,183-9-6, leaving a sum of Rs.1792-5-6 for the occasional repairs of the temple buildings and other unforeseen charges.

5. This revision does not touch the question of Tatte Anna and its distribution to the temple servants, which should form the subject of a separate report for the orders of Government. The necessity for enhancing the grant for Diparadhane should also be further investigated.

6. As regards the entertainment in the temple Baravard of a Clerk on Rs.15/- for Muzrai work in the Nanjangud Taluk Office the Deputy Commissioner is requested to further investigate the necessity for a full-time clerk in the Taluk Office solely to attend to the temple affairs and to submit the case with his opinion for the orders of Government. In the meantime, the temple Shekdar, Chattram Parpathegar or the Konanur --

Chattram Parpathegar may be used for Muzrai work in the Taluk, if need be by turns.

7. The Deputy Commissioner is requested to give effect to this revision with effect from the 1st July 1914 and to submit a nominal roll of employees against the sanctioned appointments for the information of Government as early as practicable.

8. As owing to insufficient room in the Nanjangud Taluk Treasury, the valuable jewels of the temple are all secured in a room within the temple itself, it is found necessary for safety to maintain a strong Barr Guard in the temple and provision has been made for its entertainment. The Chief Commandant, Mysore State Troops, is requested to arrange for the deputation of a Barr Guard consisting of one Havildar, one Naik, and 7 sepoys, their salaries which are estimated to cost Rs.77/- per month being met from the temple funds. The present set of sepoys will be absorbed in the re-organization of the temple Kamaty establishment.

9. Proposals have also been received from the Deputy Commissioner to revise the scale of expenditure in the Sri Narayanaswami temple situated within the precincts of the Sri Srikanteswaraswami temple, which enjoys a separate Tasdik grant of Rs.200-6-0. This scale is also suitable and is accordingly sanctioned and appended to this order.

By Order &c.,

Offg. Secretary to Government.

To

The Deputy Commissioner, Mysore District,
The Comptroller to the Government of Mysore.
The Muzrai Superintendent in Mysore.
The Chief Commandant, Mysore State Troops.

of one Havildar, one Naik and seven sepoys, their salaries which are estimated to cost Rs. 77 per month being met from the temple funds. The present set of sepoys will be absorbed in the re-organisation of the temple Kamati establishment.

9. Proposals have also been received from the Deputy Commissioner to revise the scale of expenditure in the Sri Narayanaswami temple situated within the precincts of the Sri Srikanteswaraswami temple, which enjoys a separate tasdik grant of Rs. 200-6-0. This scale is also suitable and is accordingly sanctioned and appended to this order.

Offg. Secy. to Govt., Gen. & Rev. Depts.

Muzrai, dated 27th August 1914.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No 2603 5—M F 216 09, dated the 28th April 1910, requesting the Deputy Commissioner, Mysore District, to submit in consultation with the Muzrai Superintendent, proposals for revising the scale of expenditure in the Sri Srikanteswaraswami temple at Nanjangud

Letters Nos 4 and 245, dated the 4th July 1911 and 8th January 1912, respectively, from the Deputy Commissioner, Mysore District, submitting proposals for revising the scale of expenditure in the temple

Joint note dated the 12th June 1914, from the Muzrai Superintendent and the Deputy Commissioner, Mysore District, submitting revised proposals in the matter

---

No. 493-6—Muz 17-11-3, DATED BANGALORE, 27TH AUGUST 1914.

ORDER THEREON —The Sri Srikanteswaraswami temple at Nanjangud has an annual cash grant of Rs 20,127-11 0, and in the year 1899 the scale of expenditure was fixed at an aggregate cost of Rs 20,063-12-0 The other sources of income which were not yielding at the time any appreciable amount have now begun to give better return, partly on account of better supervision and partly owing to the improvements effected in the landed properties of the temple The aggregate net return from these sources is now nearly Rs 5,650.

2 On the expenditure side, proposals for the increase of allotment for certain utsavas and for improvement in the remuneration of temple servants have been received from time to time The expenditure in the Sivakuta has invariably been exceeding the sanctioned allotment, the average increase per month for the past three years being Rs. 180.

3 A revision of the scale of expenditure being thus found necessary, the Deputy Commissioner was called upon in the order read above to submit in consultation with the Muzrai Superintendent satisfactory proposals in the matter, so as to suit the present needs and conditions

4. Government are pleased to sanction these proposals which have been prepared with care. A statement showing the scales of income and expenditure approved by Government is appended to this order Provision has been made for an expenditure of Rs. 25, 91-4-0 per year against an annual income of Rs 27,183-9-6, leaving a sum of Rs 1,792-5-6 for the occasional repairs of the temple buildings and other unforeseen charges.

5. This revision does not touch the question of Tatte Anna and its distribution to the temple servants, which should form the subject of a separate report for the orders of Government The necessity for enhancing the grant for Diparadhane should also be further investigated.

6. As regards the entertainment in the temple baraward of a clerk on Rs. 15 for Muzrai work in the Nanjangud Taluk Office, the Deputy Commissioner is requested to further investigate the necessity for a full-time clerk in the Taluk Office solely to attend to the temple affairs and to submit the case with his opinion for the orders of Government In the meantime, the temple shekdar, chattram parpattegar or the Konanur chattram parpattegar may be used for Muzrai work in the taluk, if need be, by turns

7. The Deputy Commissioner is requested to give effect to this revision with effect from the 1st July 1914 and to submit a nominal roll of employees against the sanctioned appointments for the information of Government as early as practicable.

8. As owing to insufficient room in the Nanjangud Taluk Treasury, the valuable jewels of the temple are all secured in a room within the temple itself, it is found necessary for safety to maintain a strong Barr Guard in the temple and provision has been made for its entertainment The Chief Commandant, Mysore State Troops, is requested to arrange for the deputation of a Barr Guard consisting

Statement showing the scale of expenditure to be incurred in the Sri Srikanteswaraswami temple at Nanjangud.
